Dear Dr. Sittler:

In reply to your letter dated 24 April 1960, this Agency interposes no objection to your request to the National Archives for a taperecording copy of certain "Nazi Commentator" broadcasts of 1944, on record in the files of the Federal Communications Commission in the custody of the National Archives.

I have so informed the National Archives, by telephone, as you requested.

Thank you for your interest.

Yours very truly,

MEMO FOR THE RECORD:

The above "no objection" was coordinated with O/CC and [redacted], and telephoned to Miss Fawcett at National Archives. I also requested Miss Fawcett that, if the recording needs to be authenticated for court purposes, that this Agency's name not be mentioned in such authentication. She assured me that it would be so handled.
